Candidate Information Bulletin

What is a Candidate Information Bulletin (CIB)?

The Candidate Information Bulletin is a document that contains all information about your licensure exam.

What information can I find in the CIB?

- Exam Scheduling
- Payment Options
- Exam Test Site Locations
- Content Outline
- Identification Policy
- Accommodations
- Translation Services
- Examination Review Policies
- TDLR Contact Information
- PSI Contact Information

Why is this important to me?

Candidate Information Bulletins house important details about your licensing exam. This includes how to apply for **testing accommodations and exam translation requests** through PSI.

The CIB also contains an outline of topics included on the exam as well as a list of references that can be used as study material.

For practical examinations, the CIB lists items needed for your testing kit. The CIB also provides specific instructions for each section of the exam and required steps.

Once you become **exam eligible**, please visit our website to view your **CIB**. Good luck on your exams!
