Score Reports

How to Access Your Score Report Online

Log in to your **PSI test taker account**.

Once you have logged into your account, click on the “Manage” tab. On that tab, you should see the previous examination attempt(s). Click on the desired exam attempt and select score report. The score report will usually open a new tab or as a PDF.

Did You Know?

Written Exam

- Once you have completed the written examination at a test site, your examination score will be displayed on the computer screen.
- For the virtual examination, you must select to end both the exam and survey portions of your test to receive your on-screen results.
- If you missed your score or need to review your score, you can access your report on the PSI portal.

Practical Exam

In Person/Remote Proctor

Please note that your practical examination score report can only be viewed by logging into your **PSI test taker account**. If your score report is not accessible within 24 hours, please email cosmetology@psionline.com.

How is a score report helpful to you?

- If you failed your exam, the report would help address the areas of opportunity for studying.
- The strength and weakness report is an analysis of your performance in each of the examination subject areas.
- Information on what to do next once you have completed your examination.
- Preserving records of your score report in case there are any disputes or record retention has lapse.
